「One More Plus」

At Yuzuplus, we are committed to continuously adding new value.

We offer tailored proposals for utilizing the metaverse to meet your company's specific needs!

Leveraging the metaverse, we collaborate to generate new values and cultures, and conceive content that fosters innovative added value.

We offer consultations across various domains, from promotional utilization and recruitment to education.

Entrust your metaverse-related new business ventures to us.

We collaborate with your company from the initial steps of introducing the metaverse, proposing effective ways to leverage it for creating new values and cultures.

We handle a wide range of services, from creating showrooms for public relations purposes to proposing and executing communication events with internal teams and business partners, as well as offering skill enhancement programs.

If you are simply curious about the metaverse, please feel free to contact us to start a conversation.

Sample Proposal Plans

- Skill enhancement education programs utilizing the metaverse.
- Introduction to metaverse culture and experience sessions for improving IT literacy.
- Creation and execution of virtual showrooms and events.
- Recruitment leveraging.
- Formation of fan communities in collaboration with metaverse communities.
- Proposals and creation of metaverse spaces, attractions, and content that bring the allure of your products and services to life.
- Metaverse re-creation of historical buildings.
- Interactive sales and customer service training in the metaverse.

We undertake the creation of 3D spaces necessary for the metaverse.

We specialize in creating 3D spaces tailored to various needs, such as showrooms and event venues. We offer proposals that align with your requirements and budget, ranging from low-cost solutions to high-end productions.

We also handle the creation of individual 3D objects, so please don't hesitate to consult with us.

Achievement Example: Ritsumeikan Metaverse Campus

*This is a project undertaken upon commission from the Ritsumeikan Educational Corporation.

We provide total support for the introduction of metaverse-related projects.

At our company, we offer comprehensive services tailored to corporate needs, including the creation of 3D spaces and event management. This includes the production of avatars for corporate use, proposals and support for the introduction of devices such as VR goggles for the metaverse, advisory services for business expansion using the metaverse, and support services post-metaverse implementation.

Please feel free to reach out for an initial consultation.

Furthermore, we offer seminars and hands-on sessions to help your team understand and experience what the metaverse is (starting from 1 DAY).

Examples of Support

- Production of avatars suitable for corporate use and advisory on their implementation.
- Assistance with the introduction of VR goggles and the metaverse, on-site support, and support contracts.
- Production and support for streaming memory videos utilizing the metaverse.
- Conducting seminars on real-world corporate implementation examples of metaverse culture.
- Content creation and management for metaverse experiences during real-life events.
- Planning and operation of recruitment briefings using the metaverse.

「One More Plus」
